

GET CONNECTED

What members of the Network are saying...

Service vendors understand the value of being connected to the **Work Order Network** because the benefits are real and result in reduced administration, ease of use, mobility, and a powerful connection to their valued customers.

Here is what some of the **Work Order Network** service vendors are saying about the **Work Order Network**:

"The Work Order Network has enabled us to streamline all our billing and work order invoice processes. It is great to make dispatch and accounting equally happy with one system."

Aire Rite HVAC & Refrigeration – Dan Langston, President and COO

"We have used the Work Order Network for a while and just love it; it works so well; get on the Network."

Restaurant Facility Group, Inc. – Rikki Ortiz, Corporate Services

"The Work Order Network is the best service to customer to invoice system on the market. We use over 20 systems today to coordinate our services; the Work Order Network is in a class by itself... First Class - the best."

The Original Roto Rooter – Jamie Horton, Director of Services

"We have been using the Work Order Network for years, receiving service requests from 5 different companies through 3 different FSG divisions spanning 3 different industries, it is simply the easiest way for us to dispatch to complete to invoice for our team."

Facilities Solutions Group – Rick Farris, General Manager

"The Work Order Network has helped me keep my overhead costs down and manages orders much better than we used to. It has helped my business tremendously."

Lakes Food Equipment Repairs – Richard Phillips, Owner

"The Work Order Network is great! Very organized and is so much better than the old way of working with customers. Nothing falls through the cracks anymore."

American Hood Cleaning – Karl Cress, Owner

"The Work Order Network facilitates all communication and workflow with ease between us and our customers... It is a real valuable tool."

West Coast Gasket Guy – Debbie Braun, Owner

"The Work Order Network is extreme convenience at the push of a button. It is the easiest way to track a work order from start to finish through the system. We love to use it and wish all our customers were on the Network."

Deca SW – Jamie Robinson, Service Department Manager

"We had a bad storm last night and the Work Order Network was able to let us know immediately that our customers needed us to fix their leak. It's nice to get those messages right away. I really like working on the Network."

Paul Rich Roofing – Wendy Sidowski, Service Manager
